And On Campus at Carlton Oaks

March 2011

Announcements

Keep a look out for weekly emails from the center updating you on what is new and upcoming Fun Fridays.

When you have the chance, please recommend us to others, so we can have the chance to help all of the children we can!

Follow us on Facebook and suggest us to your friends!

Momentum's tax ID is 32-0201086

Please send an email of a child's absence to momentumtutoring@att.net

Momentum Star Students of the Month

Trevor: Trevor has made a huge change in his attitude and schoolwork. He comes in focused and strives to get all of his assignments complete. He has worked hard and earned A's on all of his recent writing assignments and many spelling tests. Trevor is a joy to have at Momentum and all of his hard work is paying off.

Hailey and Emily: This month Emily has really shown an improvement. She has set her mind to study mode! As a result, she has received A's on her past spelling tests. She has also exceeded her AR goal. In addition, she has shown an increase in her confidence.

Little Miss Hailey has come such a long way here at Momentum over the years and is very much deserving of this Student of the Month award! Not only has she excelled in math, but is also a superstar reader and writer. Hailey has a great attitude and always manages to brighten up the tutoring center.

Interested in Spring Break Tutoring?

Spring Break Tutoring will be offered to anyone who is interested. Ask your child's tutor if you would like to sign up and they can help you arrange it. It is a great opportunity to help your child(ren) catch up, review, or learn ahead.

Any Ideas for a Summer Program?

Momentum will be up and running for the summer of 2011! We are currently brainstorming ideas on how to run this summer's program. We are asking all parents for their ideas; brainstorming with the community is the best way to get everyone involved. Would you be interested in a class-like environment or a day camp? Please call or email us with ideas as soon as possible!

Parent Corner

The following are testimonials of Momentum parents. If you are interested in contributing, please send us an email.

"My daughter Lindsey has been tutored by momentum tutors since inception. In 4th & 5th grade she needed assistance with reading comprehension. Lindsey is now in AP English and her reading comprehension is off the charts. She currently is getting tutored in Math and has found it very helpful. She brought her math test up two grades.

We have found all of the staff to be very friendly and Terri has always matched Lindsey with the perfect tutor.

Thank you for helping Lindsey succeed in academics"

-Parent of an eleventh grader

"My son is a high school freshman who was struggling in his geometry class. He got a D on his progress report and we could sense he was feeling helpless, his confidence was low and he was not enthusiastic about going to school. It was affecting his high school experience. We needed help and found Momentum was the right answer. They are located right here in Santee, they have a terrific staff and it was within our budget. At first, our son was reluctant about getting help from a "tutor" but that wore off quickly! In only a couple of weeks, we saw his confidence grow and his grades improve. He has been going to Momentum for 6 weeks now and just passed his mid-term math exam. Thank you Momentum!!!"

-Parent of a ninth grader

"Momentum tutoring has helped my son grow and develop a love for reading. His amazing tutor comes up with different and exciting ways to keep him interested while learning."

-Parent of a first grader
