

Math Clinics (4 weeks)

Sessions are divided into instruction, guided practice, practical application and enrichment.

Number Sense I 3rd- 5th Grades

Addition, Subtraction, Multiplication, Division

Day	Time	Location	R/NR	Dates
T/Th	4:30-5:30	MT	\$120/135	7/5 - 7/28
T/Th	4:30-5:30	MT	\$120/135	8/2 – 8/25

Number Sense II 4th- 6th Grades

Double/Triple Digit Multiplication and Division, Fractions, Decimals

T/Th	4:30-5:30	MT	\$120/135	7/5 - 7/28
T/Th	4:30-5:30	MT	\$120/135	8/2 – 8/25

Introduction to Pre -Algebra 6th -9th Grades

Variables, solving equations with variables, and using measurements. Introductory graphing and practice with word problems.

T/Th	5:30-6:30	MT	\$120/135	7/5 - 7/28
T/Th	5:30-6:30	MT	\$120/135	8/2 – 8/25

Introduction to Algebra 8th -11th Grades

Single and multi-variable equations, work with polynomials, exponent basics, graphing and word problems.

T/Th	5:30-6:30	MT	\$120/135	7/5 - 7/28
T/Th	5:30-6:30	MT	\$120/135	8/2 – 8/25

Introduction to Algebra II 9th -12th Grades

Linear, quadratic, exponential, and logarithmic functions. Exponents and radicals. Mathematical sentences involving inequalities and complex numbers. Graphing.

T/Th	6:30-7:30	MT	\$120/135	7/5 - 7/28
T/Th	6:30-7:30	MT	\$120/135	8/2 – 8/25

Introduction to High School Geometry_Grades 9th -12th Grades

Vocabulary and applications. Identifying similarity and congruence with shapes. Getting familiar with working with theorems and proofs. Applying algebra concepts in a geometrical matter. Trigonometry with triangles.

T/Th	6:30-7:30	MT	\$120/135	7/5 - 7/28
T/Th	6:30-7:30	MT	\$120/135	8/2 – 8/25
